TULAROSA BANKER
ACQUITTED

Tularosa, N. M., March 18—
The alleged embezzlement cases
filed by former traveling auditor
John Joerns against H. S. Hollo-
way, cashier of the Citizens'
State bank of Tularosa, were
heard in Alamogordo. The jury
for the first case, involving \$5300
was completed at 8 o'clock Mon-
day night and the matter was
turned over to it and after the
jury had disagreed a new panel
was sworn in and brought in a
verdict of acquittal.

FEBRUARY SNOWFALL

The month of February av-
eraged slightly below the nor-
mal in precipitation, although
the snowfall was large, owing
to the unusual depth over the
eastern and the northern
counties. Cold weather held
melting in check in the high-
er districts, and high winds
over the plains country, the
plateaus, and the foothills
drifted the heavy snow of the
19 20th and 24 25th into the
arroyos and the canyons,
causing huge, compact drifts
that will melt slowly.

The San Juan and North
west had a dry month, and
conditions remain discourag-
ing, with great scarcity of
water indicated, except in the
main streams that rise in
Colorado.

Most of the Rio Grande re-
ceived light precipitation, ex-
cept near the crest of the
Sagrada Cristo, the Sandia,
and the Manzano ranges,
where good snowfall occurred.
This gives promise of a fair
water supply, but more snow
is needed. Light precipitation
also occurred in the South
west, and conditions remain
unfavorable there.

Deep snow occurred over
the lower levels of the Cana-
dian and Northeast, accom-
panied by high, drifting winds
and blizzard conditions. The
plateau and the plains coun-
try received an exceptional
fall, so that conditions are
most favorable for early mois-
ture. Lack of heavy snow in
the higher mountains, how-
ever, leaves the outlook rather
poor for irrigation water,
and seasonal rains will be
needed. Deep snow over the
lower levels of the Pecos has
given unusually favorable con-
ditions for the early season,
but lack of heavy snow at the
headwaters leaves the later
streams flow unfavorable. In
the southern mountains, how-
ever, conditions were better
during February, and the tri-
butary streams there have a
favorable outlook.

We learn that R. L. Hitt has
bought the plant of the Moun-
tainair Messenger, which will be
moved to Willard and the publi-
cation of the Messenger discon-
tinued. This is no doubt a good
move. At present it is too hard
a struggle to maintain a paper
at Mountainair, and when the
country becomes developed so
that there is a living for a paper
there, they will have one.

CREDENTIALS ACCEPTED

Following is a dispatch from
Santa Fe printed in the El Paso
Herald of Monday evening:

The New Mexico Bar association
adjourned after a two days' ses-
sion. A uniform child labor law
a uniform law of sales and a code
of liens and mortgages were
adopted for recommendation to
the legislature. Committees
were also appointed to draft
codes of civil and criminal pro-
cedure to be incorporated in the
general law revision which the
association recommends.

O. L. Owens, democrat, who
unseated George H. Van Stone,
"Progressive" in an election
contest through writ of ouster in
quo warranto proceedings has
his credentials as a member ac-
cepted by the corporation com-
mission, which elected Eugenio
D. Lujan stenographer and
Thomas Sanford of Malaga, Eddy
county corporation record clerk.

We understand that it is not
Mr. Van Stone's intention to
drop the case, but that he will
appeal to the Supreme Court.

AID FOR PEOPLE AND STOCK

Denver, Colo., March 18—The
state bureau of child and animal
protection has invoked the aid of
more than 1300 of its volunteer
officers throughout the state in
the campaign to rescue thousands
of starving cattle and horses up-
on the plains. Contributions
have been flowing into the state
headquarters generously.

The plan is to visit destitute
families which are unable to
care for their stock. The county
charity associations will care for
the families.

A note, without interest and
payable after the harvest crops
have been reaped, will be taken
from each family that is given
aid.

Deafness Cannot Be Cured

by local applications, as they cannot reach the dis-
eased portion of the ear. There is only one way to
cure deafness, and that is by constitutional remedies.
Deafness is caused by an inflamed condition of the
mucous lining of the Eustachian Tube. When this
tube is inflamed you have a rumbling sound or im-
perfect hearing, and when it is entirely closed, Deaf-
ness is the result, and unless the inflammation can be
taken out and this tube restored to its normal condi-
tion, hearing will be destroyed forever; no case
out of ten are caused by Catarrh, which is nothing
but an inflamed condition of the mucous surface.
We will give One Hundred Dollars for any case of
Deafness caused by Catarrh that cannot be cured
by Dr. J. C. Cheney's Cure. Send for circular, free.
